Objective

To use the knowledge acquired through my past professional experiences to find and secure a position as a web developer.

Education

Grand Valley State University, Allendale, MI 2006-Present

- Pursuing a degree in Computer Science with a minor in Information Technology

Hudsonville High School, Hudsonville, MI 2002-2006

- Graduating GPA: 3.04

Technical Experience

- **Software** Adobe Creative Suite 4/5 (Photoshop, Dreamweaver), MS Office Suite 2007 (Word, Excel, PowerPoint, Access), Coda, Putty
- **Languages** PHP, ColdFusion, HTML, CSS, JavaScript, Ajax (MooTools, jQuery), bash, Java, C++, Apache
- **Database** MySQL, Oracle RDB, Access
- **Operating Systems** MS Windows 9X/NT/2000/XP/Vista/7, Ubuntu, Mac OS X (10.3 – 10.6)

Recent Projects

Languages used in all projects PHP, MySQL, JavaScript, Ajax (mooTools)

- **Play(share)lists | <http://play.pirefower.com/>**

Originally created as a personal site to share playlists among friends, this site now functions as a small social site with capability for anyone to sign up and share playlists.

- **Med-Tech Support Services | <http://www.med-tech-services.com/>**

Developed for a Michigan based company specializing in servicing medical equipment for statewide hospitals. Built a simple CMS system using FCKeditor as well as a photo uploading/ranking system.

- **Florentine Ristorante | <http://www.florentineingrandville.com/>**

A website for a local restaurant. Compiled a simple CMS using FCKeditor as an admin module. Implemented a picture ranking/uploading system to display pictures in an elegant fashion on the public side of the site.

- **Moore & Company | <http://www.expectmoore.com/>**

Website for a local realtor dealing in custom condominiums and accessible housing for the elderly and handicapped. Built a custom search for house listings in the Grand Rapids area using Ajax. Developed a backend admin area with a CMS for editing content site-wide using FCKeditor.

Professional Experience

PBS, WGVU Grand Rapids, MI Web Design Intern
